---

## EXPERIENCE HIGHLIGHTS

Pathways 2 Excellence, Brampton, ON

**Coding Program Coordinator and Founder, Marketing Intern, Tutor** (June – August 2018)

- Created a database management system (**Java, SQLITE3 and Google Maps API**) to facilitate future growth and increase efficiency in day to day operations.
- Launched a summer program which served as an additional revenue stream of \$4000
- Designed a marketing campaign to increase brand awareness and create an online presence for the business. This investment yielded 10-15 long-term enrollments.
- Taught high school level Mathematics, English, Chemistry, and Physics.

Sedgwick CMS Canada, Mississauga, ON

**Claims Intake, Service Center Representative** (May – August 2017)

- Demonstrated engaging customer service skills and a solid work ethic as a service center representative.
- Learned various programs such as W5 and Juris to set up new claims for field adjuster
- **Trained** a second summer intern and a permanent employee who served as my replacement.

Kumon Learning Center, Brampton, ON

**Assistant Teacher** (January 2015 – August 2016)

---

## TECHNICAL SKILLS

**Java, C++, HTML, CSS, JavaScript, SQL, Python, GITHUB, Node.js, Angular, Android Studio, Unity.**

---

## EXTRA CURRICULAR

- VP-Finance | Badminton Club (Present)
- VP | Chess and GO Club (2017 – 2018)
- Hackathon/events participant (Hack Western, Code to Win, Kickstart)

## PROJECTS

- Personal website – interactive resume (HTML, CSS, JavaScript).
- Algorithm to predict the number of people at the UWO gym at any given time based on previous data (Python, SQL).
